From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, Waking Up is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. Waking Up is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it. Now you can learn the fun, trendy paint pouring technique—and teach your kids to do it too! Paint pouring, also known as fluid art, uses acrylic paint and a variety of everyday tools to create colorful, abstract art poured on canvases and other surfaces. With The Grown-Up's Guide to Paint Pouring With Kids, prepare to get messy—some techniques require touching or even hitting the paint—but that's half the fun! Kids will love the tactile nature of paint pouring, while you and the other grown-ups in their lives will feel good knowing that your children are exercising their creative and artistic playful side. The book opens with an introduction to the affordable tools required to pour paint, from cups and canvases to stir sticks, paper, reusable straws, and more. Older kids—with the help of their parents, of course—might even learn to use a heat torch to create the cell-like structure typical in fluid art. Techniques are outlined so that you and your children can read about the pouring process before getting started. Then there are chapters on color mixing tips, instructions for finishing paintings with varnish and other materials, and much more. The step-by-step projects that follow are fun, easy, and easily customizable by color, surface, and skill level. They can even be done on surfaces other than canvas, such as coasters, pieces of wood, gift boxes, and much more. Kids of all ages will love pouring paint.
