[Siren Everlasting Classic ManLove: Erotic Alternative Romance, M/M, HEA] "I am Shadow. I am just a man, although some think I'm a chameleon, an animal, or a ghost. You on the other hand, will know me as your lover. The man who demands that your body give me everything until it can't give anymore." Pen needs to find out the truth of his brother's death after he becomes a victim of a serial kidnapper but the authorities aren't talking. When Pen is mugged on the way to work, one of Rescue for Hire's men is assigned to guard him. Betrayal fills the air when secrets are revealed. This is a story of a one night stand that turns into so much more. Watch a man who lives in the shadows take on a spunky temperamental man who challenges him at every turn. What happens when the pain of loss turns to joy, but the truth turns to lies? ** A Siren Erotic Romance The quick-read, step-by-step guide to hiring outstanding teachers! Whether you are new to teacher hiring or ready for a fresh approach, this invaluable guide helps you select the best possible candidates. Mary Clement, a nationally-awarded expert on teacher hiring, presents proven strategies for identifying high-performing teachers. Readers will learn: Ten best practices that address every stage of hiring, from recruitment through interviewing to final negotiations Key techniques and sample questions for Behavior-Based Interviewing—the interviewing approach that predicts on-the-job performance Guidance on legally-sensitive interview questions How to involve teacher peers in interviewing and mentoring new hires Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries. This consultation paper presents the Law Commission's provisional proposals for reform of the legal framework relating to taxis and private hire vehicles. Taxis and private hire vehicles (PHVs) are an important part of local transport. They operate in highly regulated markets where safety and quality control are paramount. Licensing covers key areas such as the quality of services, the fitness of drivers, fare regulation and restrictions on the number of licenses issued. The current law on taxis and PHVs has been criticised for being complex and outdated. These proposals retain the important distinction between taxis - which can "ply for hire" on the street or a cab rank - and private hire vehicles which can only be pre-booked. But all vehicles would be subject to national minimum safety standards and, for private hire vehicles, these would replace more than 340 sets of local regulations. This will reduce the burden on business because, once appropriately licensed, a private hire firm could work freely across the country, without geographical restrictions. This would contribute to widening consumer choice and to making services cheaper and more competitive. The Commission also makes suggestions covering a wide range of issues, including improving provision for persons with disabilities, quantity restrictions and enforcement. [Law Commission website] A vital guide for hiring managers at all rungs of the corporate ladder who want to learn how to recruit star talent and want to understand their proper role in the process. Approximately eight of every ten academics have spouses or partners who are working professionals, and almost half of these partners are academics as well. In fact, dual-career academic couples are so prevalent that "the two-body problem" has become a common way of referring to the situation. Increasingly, intense competition to hire the best faculty forces institutions to assist dual-career couples in finding suitable employment for the accompanying spouse or partner. The authors of The Two-Body Problem examine policies and practices used by colleges and universities to respond to the needs of dual-career couples within the economic, legal, and demographic contexts of higher education. Using data from an extensive survey of public and private universities as well as in-depth case studies of institutions representing distinctive approaches to this problem, the authors find that the type of institution—its location, size, governance, mission, and resource availability—is a critical factor in determining dual-career employment options. The Two-Body Problem describes various accommodation models in depth and provides valuable information for college and university administrators responsible for hiring faculty and supporting their performance. -- Lawrence Rodgers A handy guide to hiring handymen Don't Sweat It-Hire It! Is a fun, easy-to understand guide to hiring professionals to do your home repairs and improvements. It caters to the BIY (buy-it-yourself) consumer, who prefers to hire work done rather than do their own home projects-the fastest growing trend in home improvement. All types of residential maintenance and improvement specialists are included in this book, ranging from the neighborhood lawn care person to construction general contractors specializing in major remodeling and renovation. Readers will learn how to find good, dependable resources, how to check references and work histories, how to negotiate fees and contracts, how to communicate with professionals and supervise their work, and what to do when things don't go exactly as expected. The book includes sample contracts and schedules that readers can use to create contractual agreements, and an extensive list of resources to help consumers find and manage good home repair and improvement specialists. Turnover in dental teams is one of the leading factors in decreasing production, increasing stress, and inefficiency in the implementation of systems. Although some turnover is normal and beneficial even, some can also be avoided. To have an effective hiring system we need written documentation of all internal practice policies, systems, and procedures to facilitate the training of new team members. However, another subject that needs to be addressed is how to intelligently hire, train, and motivate exceptional employees and how to effectively terminate staff members who are not performing at the desired level. How many dentists are as diligent about hiring a new team member as they are about evaluating a new clinical device? We all realize the importance of carefully weighing all the attributes and capabilities of an advanced clinical system. In the long term, however, the system you purchase will cost you less than the new team member you need to hire. That is why it is critically important to gather sufficient facts before beginning the hiring process. There is a business adage that states, "Hire hard and you manage easy." You need to do a lot of work upfront to ensure that you'll get the best employee available for the position. This work is an investment in the success of your practice and the team member you hire. This guide provides general recommendations for implementing an effective hiring process; however, it is critical to note that state employment laws vary, and you should always consult your attorney when questions arise. Rules governing taxis and private hire vehicles need urgent and wholesale reform. The problems posed by taxis and private hire vehicles (PHVs) operating outside of the district in which they are licensed - the phenomenon called 'cross-border hire' - cannot be solved without new legislation. In this report the Transport Committee puts forward its recommendations for such new legislation: listen to the views of users; keep it simple; keep it local: licensing should remain a local function; permit tighter restrictions on cross border hire; increase the potential for local authorities to work together to create larger licensing districts; and develop This handy booklet helps the reader understand that there's more to writing than words on a page or text on a computer screen. In Who, Geoff Smart and Randy Street offer simple, easy-to-follow steps that will put the right people in place for optimal success. While it is clear that better teachers get better results with students, school leaders often put themselves at a disadvantage by not hiring the best teachers available. In this groundbreaking book, three human resource experts show how even small adjustments can help school districts' leaders, principals, and other human resource professionals hire more efficiently and effectively. This book illustrates methods for hiring the best available teachers based on existing research and provides advice on how to adapt these tools to fit the needs of individual schools and districts. "Every superintendent, principal, and PTA president should read Hire Better Teachers Now. A critical step in improving our school systems is ensuring that we are hiring great teachers who fit the needs of the school. Hire Better Teachers Now identifies common mistakes schools make when reviewing job candidates. It clearly explains how to apply best practices to create a valid hiring process." -- Stuart D. Sidle, associate provost and professor, industrial-organizational psychology, University of New Haven "A few years ago we changed our approach to hiring using the techniques in this book. It worked! Armed with a consistent set of questions and activities informed by the proven traits of our most effective teachers, our principals have meaningfully improved the quality of the teachers we hire." -- Yasmin Bhatia, CEO, Uplift Education Dale S. Rose is the president of 3D Group, a California-based consulting firm specializing in human resources assessment and development. Andrew English is a senior consultant at 3D Group. Treena Gillespie Finney is an associate professor of management at the University of South Alabama. This book examines how private security contractors or analogous historical forces affect democracies' military effectiveness and likelihood of success in warfare across different deployment scenarios, and, in doing so, illustrates both theoretical and policy-relevant implications of the increasing use of private security forces by modern democracies. BUSINESS / TALENT RECRUITMENT Hire Your Dream Team is a critical 10 step guide to recruiting star talent, written for hiring managers at every rung of the corporate ladder. Hardened Navy SEAL Michael Stanton walked away from his career a year ago and never had any intention of returning. But when his former commander calls with the bad news that an old friend of his was murdered while undercover, Michael can't say no to helping track down the culprit. Aware that the next dead body might be his own, Michael agrees to take his deceased friend's place at the home of a terrorist. His official mission: Find all he can to bring this crook's operation down. His personal mission: Find out who murdered his friend and return the favor. Mercy's sister was employed as a maid at the terrorist's home. When her sister disappeared, the police couldn't find any leads about where she might have gone or what happened to her. Mercy isn't nearly so complacent. She decides that, since they can't help her, she'll be the one to save her sister if it's the last thing she does. Michael and Mercy meet up inside the terrorist's house, where suspicions--and passions--flare instantly between them. Neither of them are what they're posing to be, but can they find a way to work together to uncover the truth they both need to know? Or will the terrorist get wind of traitors in his home and take care of them before they can take care of him? military romance; military; mystery and suspense; Action and adventure; Navy SEAL romance; SEAL; alpha hero; Romantic Suspense; Mystery; Suspense; light action; romance; Hero, strong female; Hire with Your Head Updated with new case studies and more coverage of the impact and importance of the Internet in the hiring process, this indispensable guide has shown tens of thousands of managers and human resources professionals how to find the perfect candidate for any position.
