Learn how to create the illusion of three-dimensional space in your drawings It is as mundane as it is astounding: placed in the right way, a couple of lines on paper create three-dimensional space. To be more

exact, the illusion of space. The interest in three-dimensional drawing may initially arise from the intention to depict visible reality. However, the creation of depth is a fascinating challenge in every artistic composition. In this volume, Peter Boerboom and Tim Proetel have arranged, commented on, and with a guiding hand intuitively and tangibly presented the fundamental methods of three-dimensional illustration. For laymen and professionals alike, this book offers a refreshing, simple approach to the graphic depiction of three-dimensionality. In the early post-Soviet period, Ukraine appeared to be firmly on the path to democracy. But the

Kuchma presidency was clouded by dark rumors of corruption and even political murder, and, by 2004, the country was in full-blown political crisis. This book looks beyond these dramatic events and aims to identify the actual play of power in Ukraine. Times bestselling author of Carve the Mark and the Divergent series A missing girl on a journey of revenge. A Serial—like podcast following the clues she's left behind. And an ending you won't be able to stop talking about. "Today, WNRK is launching the first episode of our new serialized podcast, The Girls, created and hosted by West McCray." When popular radio personality West McCray receives a desperate phone call from a stranger imploring him to find nineteen-year-old runaway Sadie Hunter, he's not convinced there's a story there; girls go missing all the time. But when it's revealed that Sadie fled home after the brutal murder

of her little sister, Mattie, West travels to the small town of Cold Creek, Colorado, to uncover what happened. Sadie has no idea that her journey to avenge her sister will soon become the subject of a blockbuster podcast. Armed with a switchblade, Sadie follows meager clues hoping they'll lead to the man who took Mattie's life, because she's determined to make him pay with his own. But as West traces her path to the darkest, most dangerous corners of big cities and small towns, a deeply unsettling mystery begins to unfold—one that's bigger than them both. Can he find Sadie before it's too late? Alternating between Sadie's unflinching

voice as she hunts the killer and the podcast transcripts tracking the clues she's left behind, Sadie is a breathless thriller about the lengths we go to protect the ones we love and the high price we pay when we can't. It will haunt you long after you reach the final page. Traveling around the world is one of the most fun and memorable things to do. And one of the best places to include in one's bucket list is Brazil. But here's the thing: Brazil isn't an English-speaking country and if you'd like to be able to really enjoy your trip there, it's crucial that you know important basic phrases so you can get and convey information that will enable you to get to

where you want to go and do what you want to do there. Grab your copy of Brazilian Portuguese Phrase Book and learn the basic phrases you'll need to enjoy your trip to Brazil. And more than just the phrases themselves, you will also get to learn basic principles underlying the Brazilian Portuguese language that will help you learn even more words and phrases later on. The Brazilian Portuguese Phrase Book, you can easily learn to speak basic phrases for tourists so you can make sure that your trip to Brazil will be a most unforgettable one. A fierce war rages for your soul. Are you ready for battle? Like it or not, you are at war. You face a

powerful enemy out to destroy you. You live on the battlefield, so you can't escape the conflict. It's a spiritual war with crucial consequences in your everyday life and its outcome will determine your eternal destiny. You must engage the Enemy. And as you fight, you need a Manual for Spiritual Warfare. This guide for spiritual warriors will help you recognize, resist, and overcome the Devil's attacks. Part One, "Preparing for Battle," answers these critical questions: • Who is Satan, and what powers does he have? • What are his typical strategies? • Who fights him alongside us in battle? • What spiritual weapons and armor do we

possess? • How do we keep the Enemy out of our camp? Part Two, "Aids in Battle," provides you these essential resources: • Teaching about spiritual warfare from Scripture and Church documents • Scripture verses for battle • Wisdom and inspiration from saints who fought Satan • Prayers for protection, deliverance, and victory • Rosary meditations, hymns, and other devotions for spiritual combat St. Paul urges us to "fight the good fight of the faith" (1 Tim 6:12). Take this Manual for Spiritual Warfare with you into battle. The beautiful Premium UltraSoft gift edition features sewn binding, ribbon marker and silver edges. Private Pilot

Checkride (Preparation and Study Guide) is a concise outline of the practical exam under the new ACS. This book outlines the basic flow of the private pilot checkride, then goes into greater detail with regard to specific areas students struggle when studying. Easy to memorize charts and informative pictures and lists are sure to help you be better prepared for your checkride and ease your anxiety at the same time. The weather section can also be used as a refresher when decoding standard weather briefings after you earn your private pilot license. Becoming lean and fit is not a matter of training for a few weeks, like

Rocky, to become a world champion. That only happens in Hollywood movies that portray professional athletes exercising for hours every day until they are exhausted. Real athletes never do that. They train only to the point that they can recover for the next day's training. Their progress comes in small increments, not heroic triumphs. Unfortunately, movies have persuaded people that they can become lean and fit virtually overnight. Even the weight loss and fitness industry bought into this distortion and began pushing people to become like Rocky. When that approach failed, because people were injuring themselves or burning out or

jumping from one program to another, trainers began to entertain their clients instead of finding solutions to their problems. If you want to become truly lean and fit, you must work at it like an athlete, following a structured routine and that is easier and more pleasant than you may expect. The principles that work for athletes also work for ordinary people of all ages. Athletes, of course, have coaches. The Happy Body program, on the other hand, will teach you everything you need to know to be your own coach. This innovative program establishes, for the first time, exact scientific and testable methods and goals to engineer your own

weight loss and fitness within precise time periods. That empowers you to self-correct your progress at every step. The Happy Body is a total health program, not just an exercise or diet plan. It will teach you to safely lose 1.0 to 2.5 pounds every week, and keep them off, without getting stuck at plateaus. You will have full control over the process, right down to the ounce. In addition to teaching you how to lose weight, the program will also help you to restore the flexibility and posture you had as a young child, and to be leaner, stronger, and faster than you have ever been. In essence, The Happy Body program will not only make you

as youthful as you were at twenty, but twenty as you would have been if you had followed the program at that age. "Siblings Bob and Tom get a dog with spots. This A-level story uses decodable text to raise confidence in early readers. The book uses a combination of sight words and short-vowel words in repetition to build recognition. Original illustrations help guide readers through the text."-- This brief version of the authors' classic text retains the traditional outline for the coverage of descriptive and inferential statistics. The user-friendly presentation includes features such as Key Concepts and Formulas, and helps students

grasp the material while not sacrificing the statistical integrity of the subject. MINITABO (Versions 12 and 13) is used exclusively as the computer package for statistical analysis in this text." In Pencil Art Workshop, artist and illustrator Matt Rota shows to achieve various techniques using graphite, and includes the work of an international gallery of artists for inspiration. The book has 120 white pages with dot matrix that will help you while writing and sketching but at the same time gives you enough freedom for notes and other ideas. It comes in handy format 6x9 inches (equivalent to DIN A5). The Nurse Notebook is for those

who have a Fable for Medicine or Cure. The Nurse Notebook is versatile, notepad inserts, personal achievements, birthday appointments, your thoughts or other notes of your choice. Use it on holiday as a holiday diary or as a gratitude diary. No matter if motivation, tokens, appointments or notes with this space-saving notebook no wish remains open. For leisure, hobbies or work, this small but fine notebook is always and everywhere suitable for things, ideas or thoughts that want to be noted, e.g. as a thought support or for organizing tasks. Whether for yourself or as a gift for men and women, partners, friends, mums and

dads or work colleagues. Especially suitable for birthdays, for Christmas or just as a nice attention for your loved one. This book is a most exciting and unusual study of cultural history. The idea of the pregnant man, redolent of bawdy jokes and sexual fantasy, has inspired European literature and folklore since ancient times. Traces of the theme, both comical and disturbing, are found not only in the wealth of tales from Italy, France, Germany, Russia, Finland and other European Countries, but also in the Hebrew and Islamic traditions. to see me.' Defeated and embittered by a country which treats him as a non-being, the 'invisible man' retreats into an underground cell, where he smokes, drinks, listens to jazz and recounts his search for identity in white society: as an optimistic student in the Deep South, in the north with the black activist group the Brotherhood, and in the Harlem race riots. And explains how he came to be living underground . . . 'An American

classic . . . one of the most original voices of Black America.' The Times The first edition of Spelling Through Phonics was published in 1982. Since then, over 300,000 copies have been sold.
