Twenty-nine collected essays represent a critical history of Shakespeare's play as text and as theater, beginning with Samuel Johnson in 1765, and ending with a review of the Royal Shakespeare Company production in 1991. The criticism centers on three aspects of the play: the love/friendship debate. But then something goes wrong! Tilly's dad gets stuck in the past and only she can save him . . . Will they make it back in time for tea? He and Him is an autobiography dealing with both psychology and archaeology in the author's life. He was born during the Great Depression. His parents were an Ohio farmerette and a man from the Tennessee mountains who had become an alcoholic on moonshine whiskey. It was a dysfunctional family from the start. The mom soon developed very serious emotional problems apparently because she wasn't satisfied with the man whom she had married. When the author was a six-year-old boy she told him that she planned to take him and leave his dad. However, she did the exact opposite and had more kids. Upon adding more offspring to the household; the author, then seven years old, became the victim of terrible physical and emotional abuse, as well as complete neglect. From the age of seven the author had to essentially raise himself. He tried to avoid his parents as much as possible by spending his days in the fields and meadows by himself collecting butterflies, pretty rocks, and looking for prehistoric Indian arrowheads. After finding a few Indian arrowheads on farms in Ohio he started a collection of Indian arrowheads and other artifacts at a very young age. His collection eventually turned into a very renowned private museum as he got a little older. When the author was almost thirteen years old his parents quit farming and started operating their own country store in a different community. Chapter 3 in this book describes life in country stores in Ohio during the 1940s and 1950s. The author lived in such a country store environment until he turned eighteen and went away to college. He was the first of any of his relatives to ever go away to college. His mother furnished him money to attend college, but he did it completely on his own with absolutely no family encouragement or support to get a degree. From "the time that the author started getting educated his mom refused to ever call him by his given name. She only referred to him as either "He or Him." Others in the family soon became full of covetousness towards him because they perceived that he had advantages which they didn't have. Competitive jealousy of others in the household mounted, their believing that they had to try to outdo the educated member of the family. A long, drawn-out, bitter family war against the author ensued. Disrespect for the author's higher education continued in later years by not only the third generation, but also by in-laws who didn't even know the author when he was in college! After receiving both a BS degree and an MA degree in geology, with a master's thesis dealing with archaeology of Archaic Indian sites near his hometown, the author took a temporary summer job as a national park ranger at Canyon de Chelly National Monument at Chinle, Arizona. Canyon de Chelly is located in the center of the vast Navajo Indian Reservation. Getting to live and work in such a beautiful natural area was like a dream come true. That first summers work at Canyon de Chelly motivated the author to eventually work as a seasonal park ranger in six other national parks and monuments. After working at Canyon de Chelly for one summer , the author ended up going back to Arizona where he lived for ten more years. He married a woman in Kansas who he hardly even knew, then he went to the University of Arizona where he spent two years working towards a PhD degree. After that, he and his wife spent eight more years back on the Navajo Indian Reservation. During those years on the reservation he taught Navajo Indian children on a substitute teaching certificate. It was

a full-time job in the winter. Almost all of his students were Navajo Indians. He taught all grade levels from kindergarten through high school. Chapters 6, 7, and 8 of this book are devoted to stories about life in remote areas of the reservation in the 1960s and 1970s. At that time the author's doctor and grocery stores were 145 miles from where he lived. There we While a wildfire threatens High Meadow, an uninvited guest sows seeds of dissent. The president arrives at High Meadow with his entourage of bureaucrats and faux-military. Tillie and Angus don't have time for any distractions as a massive wildfire bears down on their settlement. It will take more than hard work and good intentions to get them through this catastrophe. Martin is leery about sending all of his men to aid those in the path of the fire thereby leaving their borders unprotected. They are most vulnerable in their commitment to help others. Wisp and Nick work the fire lines seeking out people fleeing the raging flames. Only Wisp can find those lost in the heavy smoke, risking his life to bring them to safety. Behind their backs, certain people are questioning every decision. At a time when they most need to work together, the outsiders are creating divisiveness. One person in the world who has the power to keep her safe. The one person her weak and shattered heart craves. Arthur Adley. The new head of the most feared crime family in London. His enemies are circling, and he must fight—and kill—to maintain his family's place at the top of the London crime underworld. There is no room for weakness, emotion, or loss of control. But then Cheska smashes back into his life with the force of a wrecking ball. She has no place in this dark, vicious, and bloodthirsty world. And worse, she is the solitary chink in his impenetrable armor. He's already pushed her away once, but this time she desperately needs him. She's broken, lost, and in danger, and he is the only one who can help. Arthur must protect her. He must destroy those who dare to threaten her, hunt down those who would take what is his. He would raze all of London to the ground to keep her safe... but can he also protect himself? The infamous Dark Lord of London Town faces his most brutal battle yet—the crippling weight of the past, the unrelenting enemies lurking in the shadows... and the havoc that Cheska's presence is wreaking on the granite fortress that was once his heart. She met the expectations for upper-middle-class women in Toronto in the 1940s and 1950s, which included post-secondary education, marriage, and motherhood. While raising a family and supporting her husband's academic career, she continued her formal education through part-time study and gradually began a journey tailored to herself as an individual. In her forties, she embarked on her own academic career, rising through the ranks to become a tenured full professor and chair of the department of occupational therapy in the Faculty of Medicine at the University of Toronto. In *There Was a Time for Everything*, Friedland reflects on her life and the fact that over time she managed to "have it all" – just not all at once. It was the same every morning. Wake up, grab the ice skates, and head to the rink while the world was still dark. Weekends were spent in glitter and tights at competitions. Perform. Smile. And do it again. She was good. She won. And she hated it. For ten years, figure skating was Tillie Walden's life. She woke before dawn for morning lessons, went straight to group practice after school, and spent weekends competing at ice rinks across the state. Skating was a central piece of her identity, her safe haven from the stress of school, bullies, and family. But as she switched schools, got into art, and fell in love with her first girlfriend, she began to question how the close-minded world of figure skating fit in with the rest of her life, and whether all the work was worth it given the reality: that she, and her friends on the team, were nowhere close to Olympic hopefuls. The more Tillie thought about it, the more Tillie realized she'd outgrown her passion—and she finally needed to find her own voice. This title has Common Core connections. A New York City Public Library Notable Best Book for Teens A Chicago Public Library Best Book of 2017 A 2018 YALSA Great Graphic Novel A 2017 Booklist Youth Editors' Choice In *Tillie Olsen: One Woman, Many Riddles*, Panthea Reid examines the complex life of this iconic feminist hero and twentieth-century literary giant. Born in Omaha, Nebraska, Tillie Olsen spent her young adulthood there, in Kansas City, and in Faribault, Minnesota. She relocated to California in 1933 and lived most of her life in San Francisco. From 1962 on, she sojourned frequently in Massachusetts, New Hampshire, Santa Cruz, and Soquel, California. She was a 1920s "hell-cat"; a 1930s revolutionary; an early 1940s crusader for equal pay for equal work and a war-relief patriot; an ex-GI's ideal wife in the later 1940s; a victim of FBI surveillance in the 1950s; a civil rights and antiwar advocate during the 1960s and 1970s; and a life-long orator for universal human rights. The enigma of Tillie Olsen is intertwined with that of the twentieth century. From the rebellions in Czarist Russia, through the terrors of the Depression and the hopes of the New Deal, to World War II, the Nuremberg Trials, and the United Nations' founding, to the cold war and House Un-American Activities Committee hearings, to later progressive and repressive movements, the story of Olsen's life brings remote events into focus. In her classic short story "I Stand Here Ironing" and her groundbreaking *Tell Me a Riddle*, *Yonnoniddo*, and *Silences*, Olsen scripted powerful, moving prose about

ordinary people's lives, exposing the pervasive effects of sexism, racism, and classism and elevating motherhood and women's creativity into topics of study. Popularly referred to as "Saint Tillie," Olsen was hailed by many as the mother of modern feminism. Based on diaries, letters, manuscripts, private documents, resurrected public records, and countless interviews, Reid's artfully crafted biography untangles some of the puzzling knots of the last century's triumphs and failures and speaks truth to legend, correcting fabrications and myths about and also by Tillie Olsen. A collection of Tillie's three longform comics with Avery Hill, I Love This Part, The End Of Summer and A City Inside. Two girls in a small town in the USA kill time together as they try to get through their days at school. They watch videos, share earbuds as they play each other songs and exchange their stories.
